BALATONTOURIST
FÜRED
CAMPING & BUNGALOWS

2020

8230 Balatonfüred, Széchenyi u. 24.

LOCATION: Of the northern shore, the largest campsite is located in Balatonfüred, linked via the promenade to the bustling city center where many programs are available.

SERVICES: The campsite has its own beach along with a children's pool, a swimming pool and a water slide is also available during the high season. Numerous sports facilities are available: water skiing, water sports equipment rental, beach volleyball court, mini golf, go-kart and bike rental, and a new tennis court with tartan as well as a streetball court. In high season, there are animation programs for the kids, and you can find restaurants, a grocery store and a shop for beach supplies in the area of the campsite. In 2019, the esplanade was renovated (new paving stones, garden furniture, landscaping), along with sanding works of the watercourse and renovation works for several sanitary blocks. There are also plans to rebuild the harbour and hotel construction in 2020; more information on the work schedule is available on our website.

ACCOMODATION TYPES: a wide range of pitches separated by a hedge, supplied with electrical connection (the „comfort” option also has plumbing), bungalows for 3-4-6 persons and mobile homes for 4+2 persons.

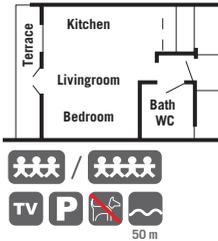

EXPERIENCE: We recommend this campsite to anyone who enjoys the bustling camping life, with many services in one place, and a shallow beach for children on the northern shore along with a large selection of local programs.
